Notice: Change in Classwork & Homework Pattern (Senior KG)

Dear Parents,

This is to inform you that from Monday, 8th September 2025 onwards, we are making a small change in the learning writing pattern for Senior KG students.

Instead of the teacher writing in the notebook, the students themselves will write their classwork in their classwork notebook.

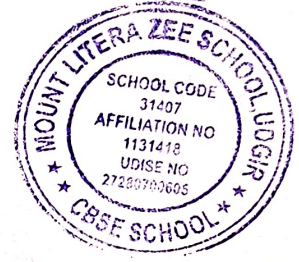

The same practice will continue for homework. Whatever is given as homework by the teacher, the child will copy and write it in their homework notebook.

This change is being made to:

Encourage students to develop regular writing practice

Help them become more confident and independent learners

Prepare them well for the next grade

We request your cooperation in motivating and guiding the children in this new practice.

Regards,

Principal
